

FRANCES AYANGO

Kampala, Uganda | 0770 745 982 | frances.ayango2020@gmail.com | github.com/frances22-cloud

PROFESSIONAL SUMMARY

Detail-oriented Computer Science graduate with hands-on experience testing web and healthcare-integrated systems, including functional, regression, and UI/bug testing across full-stack applications. Skilled in identifying, documenting, and tracking defects, verifying fixes, and supporting smooth user onboarding to new systems. Comfortable reading and reasoning about code across PHP/Laravel, React, and Python/TypeScript, which strengthens the ability to test effectively and communicate issues clearly to developers. A fast learner with strong analytical thinking and attention to detail, looking to bring a quality-first mindset to testing and supporting a Learning Management System (LMS).

TECHNICAL SKILLS

Testing & QA: Manual functional testing, regression testing, UI/UX bug testing, cross-browser testing, test case writing, bug documentation & tracking, user acceptance support, API testing

Languages: Python (Django/Flask), JavaScript/TypeScript, PHP, SQL, HTML/CSS

Frameworks & Tools: React, Laravel, Filament PHP, Tailwind CSS, Zustand, REST APIs, Git/GitHub, Docker (familiar), CI/CD basics

Databases: MySQL, relational database design, query optimisation

Systems & Platforms: Linux administration & networking, Windows Server, cloud infrastructure basics, Oracle VirtualBox

Other Strengths: Documentation, cross-functional collaboration, analytical & critical thinking, clear communication with technical and non-technical audiences

PROFESSIONAL EXPERIENCE

Software Developer Graduate Trainee | *MediLoop* | *Kampala, Uganda*

Jan 2026 – Jul 2026

- Tested core systems including a pharmacy management system and a hospital management system, checking functionality, workflows, and data accuracy before release
- Tested the company website (built with React and TypeScript) for bugs and UI issues prior to release, logging and tracking defects through to resolution
- Wrote test cases and bug reports, and collaborated with developers to verify fixes and confirm issues were fully resolved
- Supported the onboarding of new users onto the systems, walking them through core features and troubleshooting early usage issues
- Contributed to testing and troubleshooting of healthcare API integrations, verifying data exchange between external systems.
- Documented technical findings, test outcomes, and system improvement recommendations to support team decision-making.
- Assisted with basic system configuration and environment setup to support testing and QA cycles.

Software Engineer Intern | *Carata Limited* | *Nairobi, Kenya*

May 2025 – Sept 2025

- Designed and developed a logistics analytics dashboard Laravel enabling delivery companies to track KPIs such as revenue and order volume.
- Integrated the Paystack payment gateway API to support secure transaction processing.
- Built engagement features (streaks, badge rewards) that increased platform retention by 30%.

SELECTED PROJECTS

Hospital Management System (HMS)

- Multi-tenant hospital management system built with Laravel 12 and Filament 4, integrating Uganda's Mediloop national health API

Ateker Drug Shop Management System

- Pharmacy management system built with Laravel 12 and Filament PHP v4, covering inventory, sales, and reporting workflows

A&F Agro Foods

- Full-stack e-commerce platform (React frontend, Laravel backend) for organic cereals and legumes targeting the Ugandan market, including authentication, catalog, cart, and checkout with transaction-safe stock handling

Galaxy Solar World

- Solar energy e-commerce frontend built with React 18, Vite, Tailwind CSS, and Zustand, featuring category filtering and a WhatsApp-integrated cart

Creed Africa Website

- Responsive single file React website for a school in Ngora, Eastern Uganda, gallery, news, and contact information

EDUCATION

Bachelor of Science in Informatics and Computer Science	Jan 2021 – Jun 2025
Strathmore University, Nairobi, Kenya	

A' Level Certificate	2018 – 2019
St. Mary's Boarding School, Kitende, Uganda	

O' Level Certificate	2011 – 2014
Tororo Girls' School, Uganda	

CERTIFICATIONS

- IBM Cyber Security Fundamentals — IBM (Oct 2024)
- Linux Network Administrator — Alison Courses (Feb 2024)
